About

Junior Frontend Developer with 3 years of experience who is able to effectively self-manage during independent projects, as well as collaborate in a team setting. Also experienced with the latest cutting-edge development tools and procedures. My biggest achievement is my ability to learn and build projects on my own. My biggest passion is front-end development but I am also interested in the back-end.

Education

High School - Electrical Information Technology Technician

2019 - 2023 · First Technical School, Kragujevac
